

Unified Track & Field Meet at the University of Dubuque

The University of Dubuque invites Special Olympics Iowa athletes to their first ever Unified track meet! At the meet, SO athletes will be paired with UD student-athletes to compete in various events of the SO athletes' choice. Special Olympics Unified Sports is designed to engage our athletes with those without ID through a shared sports experience, ultimately to create friendships and develop a variety of skills for both parties involved. We are so excited for this new partnership! This event is for ages 8+.

This is not a qualifying event for state games.
