Divisioning for Bocce

- ✓ Each athlete will play **three** modified **games/sets**.

- ✓ The athlete should **alternate** from each end of the court.

- ✓ The athlete **should not** surpass the foul line.

- ✓ If pallina is moved from the 30', 40', 50' at any time, place back on center point before athlete delivers the next ball.

- ✓ The referee should place the pallina at the **30' line** and player plays 8 balls. The referee will measure the closest 3 balls and record distance in centimeters.

- ✓ The referee places the pallina at the **40' line** and player plays 8 balls. Measure 3 closest balls and record in centimeters.

- ✓ The referee places the pallina at **50' line** and player plays 8 balls. Measure 3 closest balls and record in centimeters.

- ✓ **Measurements will be taken from the center side of the bocce ball (closest to the pallina) to the center side of the pallina.**
