3. RULES OF COMPETITION

- 3.1 Equestrian athletes are not separated by male-female or by age. All athletes compete according to ability.
- 3.2 All riders must have had at least 10 riding training sessions within the six months prior to competition.
- 3.3 Entries must be received by the event management on or before the entry deadline. No post entries will be allowed.
- 3.4 No dogs will be permitted on the show grounds, except Seeing Eye dogs or assistance dogs.
- 3.5 There will be a safety inspection of tack and equipment before riders mount.
- 3.6 In cases of broken equipment or loss of a shoe during competition, the rider may continue or be excused from the ring at the request of his/her coach.
- 3.7 Spotters, appointed by the event director, will remain in strategic places in the competition area to act in case of emergency for unassisted riders. Other attendants are not allowed in the competition ring except at the request of the judge(s) or when specified in the event requirements.
- 3.8 Outside assistance (rail side coaching) will be penalized at the judge's discretion. Electronic communication devices used for the purpose of communicating between riders and individuals outside the ring are prohibited.
- 3.9 Cue cards may be used for hearing impaired athletes. In order for the cues to be universal, they should be designated as follows:
1=Walk, 2=Sitting Trot/Jog, 3=Posting Trot, 4=Canter/Lope, 0=Reverse, Universal Stop Sign=Halt
- 3.10 During the World Games, all tasks assigned by a judge must be translated into a rider's native language. Commands are given by a coach or a person authorized by a coach.
- 3.11 During World Games, all athletes will compete on horses provided by the organizing committee.
- 3.12 In competitions where riders do not bring their own horses, adequate time must be set aside to determine suitability of the rider to the horse.
- 3.13 In competitions where riders provide their own horses, the event director may require proof of a negative Coggins test.
- 3.14 A rider must use the same horse in all events during the entire competition.
- 3.15 Only two riders are allowed to compete on one horse. If two riders share one horse only one of them can be A level.
- 3.16 Under no circumstances should sedatives be used on horses for Special Olympic Equestrian Sport
- 3.17 Change of horse is only allowed for safety reasons or if a horse is sick or unsound.
- 3.18 The official veterinarian's decision, if called by the judge, as to the serviceable soundness of a horse will be final for the purpose of awarding medals and ribbons in the class for which the vet was called. Otherwise, the judge(s) and the equine director will make the final decision regarding a horse's ability to compete.
- 3.19 Unsoundness does not penalize a competitor unless it is sufficiently severe to impair the required performance. In such cases, the imposition of a penalty is at the judge's discretion.
- 3.20 In case of a grievance, the event director will consult the judge(s), competition steward and/or the Equestrian Sports Rules Committee. Their decision will be final.

4. ATTIRE

- 4.1 Clothing must be workmanlike and neat.
- 4.2 Boots
 - 4.2.1 All riders must wear heeled boots.
 - 4.2.2 Riders who must wear footwear as the result of a physical disability must have a physician's statement submitted with their Rider Profile. In this case, safety stirrups are obligatory.

4.2.3 English tack style riders must use Peacock safety stirrups, S-shaped stirrups or Devonshire boots if unable to wear to proper boots.

4.3 Helmets: All riders must wear protective SEI-ASTM or BHS approved helmets with full chin harness which must be fastened at all times when the riders are working around horses.

4.4 Number: Competitors must wear their assigned number prominently displayed on their backs during competition, practice at the competition and while in the competition "holding area" (stage).

4.5 During practice, athletes must adhere to the helmet, boots and long pants rule, but may wear short-sleeved shirts without riding coats.

4.6 For guidelines about attire appropriate or for different tack styles, refer to the English and Western sections of the rulebook.

5. TACK

5.1 Saddles must fit the horse. Appropriate equipment is provided by the competition management in agreement with the horse owner.

5.2 An athlete may use his/her own saddle only if it fits the horse he/she is riding. If a rider plans to use his/her own saddle, it must be declared in the Rider Profile.

5.3 Adapted and personally owned saddles must be approved by the event director and horse owner prior to the competition.

5.4 Bridles must be appropriate to the class entered and meet the rule requirements. In International, National and Chapter competition, it is mandatory to have the bits dropped and inspected on all horses prior to competition.

5.5 Halters are required for all supported classes. A lead line must be attached to the halter and not to the bridle. The halter may be over or under the bridle as long as it doesn't interfere with the use of the bit or the reins.

5.6 Riders may use adaptive equipment without penalty. (Note: Riders may in no way be attached to the horse or saddle.) Adaptive equipment must be declared on the Rider Profile.

5.7 Prohibited Tack and Equipment (applies to warm-up as well as competition):

5.7.1 Bearing, side or running reins.

5.7.2 Seat covers—If an athlete needs a seat cover, it must be declared on the Rider Profile.

5.7.3 Boots and bandages, except where specifically approved as appropriate for a class. Boots may be used only if the horse is always ridden with boots and the owner insists on them.

5.7.4 Blinders

5.7.5 Nose covers

5.8 For guidelines about tack appropriate for different riding styles, refer to the English and Western sections of the rulebook.

6. JUDGING

6.1 The following points (where appropriate) have equal consideration in judging all classes:

6.1.1 Rider's balance

6.1.2 Rider's seat

6.1.3 Use of aids

6.1.4 Ability to follow directions, ring etiquette and safety.

6.1.5 Sportsmanlike conduct

6.2 Results as shown by the performance of the horse are not to be considered more important than the method used in obtaining them.

6.3 Unauthorized assistance from horse handlers and side walkers will result in penalties.

- 6.3.1 Side walkers may not give verbal commands or extra physical prompting, except in case of emergency.
- 6.3.2 Special consideration will be given to riders with visual or auditory impairments or severe physical disability.
- 6.3.3 Coaches may not act as horse handlers, side walkers or spotters for their own athlete anytime while that athlete is being judged.
- 6.4 For guidelines about judging specific events, refer to the English and Western sections of the rulebook.

7. HOSTING A COMPETITION

- 7.1 Facility and Equipment Requirements – General Requirements for all Events
 - 7.1.1 A sound system.
 - 7.1.2 A portable fencing system for crowd control and designating other restricted areas.
 - 7.1.3 A designated spectator area located well away from in and out gates of the arena/ring.
 - 7.1.4 During competition, an exercise/warm-up ring located far enough from the competition ring so as not to interfere with athletes who are being judged.
 - 7.1.5 Solid ramps or stairs for horse mounting.
 - 7.1.6 Arenas with sturdy fencing and solid gates, good drainage, and suitable level footing with the following minimum dimensions:
 - 7.1.6.1 Prix Caprilli—min. 70 x 30 meters
 - 7.1.6.2 Equitation jumping – min. 60 x 30 meters
 - 7.1.6.3 Gymkhana Events, Dressage, Western Riding and Drill Teams—50 x 30 meters
 - 7.1.6.4 Working Trails, Showmanship, Equitation—30 x 25 meters
 - 7.1.6.5 Warm-up Arenas—40 x 20 meters, or any combination that equals 35 meters of overall rail space with no less than 20 meters in length for the short wall.
- 7.2 Invitations and Entries
 - 7.2.1 The competition management sends out the invitations with information about the date, time, venue, deadline for sending applications, events and other important data.
 - 7.2.2 Persons interested in participation in a competition should submit the Entry Form and thoroughly completed Rider Profile before the deadline.
- 7.3 Head Coaches' Meeting
 - 7.3.1 Before the beginning of the competition, the event management appoints the day and time of the Head Coaches' Meeting, where the participants have the opportunity to get acquainted with the facilities.
 - 7.3.2 The event management is responsible for giving the participants all the crucial information necessary to ensure a proper course of a competition.
 - 7.3.3 The event management is obliged to answer accurately and in detail all the questions that participants might have. If necessary, the event management appoints the date of another Head Coaches' Meeting.
- 7.4 Matching Horses

An important characteristic of Special Olympics is the fact that horses are provided by the event management. Matching horses is the first and one of the most important stages. The organizer suggests a horse to a rider on the basis of the information included in the Rider Profile. That's why

it is extremely important to fill out this form with utmost care and attention. This is the coach's responsibility.

7.5 Practicing

- 7.5.1 If riders do not bring their own horses, adequate time must be set aside to determine suitability of the rider to the horse.
- 7.5.2 Every rider is entitled to exercise the elements of the event he/she competes in. Therefore, the event management is obligated to provide access to:
 - 7.5.2.1 Training ring
 - 7.5.2.2 Dressage arena—for riders competing in Dressage and Prix Caprilli.
 - 7.5.2.3 Some difficult elements of Working Trail—for riders participating in this event.
 - 7.5.2.4 Elements of Gymkhana events
 - 7.5.2.5 Equitation Jumping – In the warm-up arena there must be 2 jumps for riders who compete in jumping
- 7.5.3 During practice, coaches must establish, ultimately and undoubtedly, whether a horse is suitable for a rider. Changing horses for safety reasons is still allowed at this stage. After preliminary tests, changing of horses is possible only when a horse is sick or unsound.

8. DIVISIONING

- 8.1 It should be noted that all riders compete according to ability. Equestrian athletes are not separated by gender or by age. According to the Special Olympics Sports Rules, divisions should consist of 3–8 riders.
- 8.2 Definitions:
 - 8.2.1 Support (S)—Rider needs the physical support of one or two side walkers and/or the presence of a leader. Any help in the arena is considered “supported.”
 - 8.2.2 Independent (I)—Independent riders may not be helped while competing.
- 8.3 Division Levels:
 - 8.3.1 A Level: Walk, Trot/Jog, Canter/Lope. Independent only. Rider is expected to compete with no modifications to NGB rules. Can perform any class requirements
 - 8.3.2 B Level: Walk, Trot/Jog
 - 8.3.2.1 BI—Independent, can perform any class requirements.
 - 8.3.2.2 BS—Supported, can physically perform any class requirements.
 - 8.3.3 C Level: Riders will ride at the walk only.
 - 8.3.3.1 CI—Independent.
 - 8.3.3.2 CS—Supported
 - 8.3.4 Rider’s Division Level

8.3.4.1 The first step in divisioning:

- 8.3.4.1.1 Riders are assigned to a division level (CS, CI, BS, BI, A) according to their ability to negotiate safely any movements required in the event. The ability is indicated by a Rider Profile, which is completed by the Special Olympics coach prior to competition and submitted with the athlete's entry form.
- 8.3.4.1.2 Rider Profiles must indicate the information about physical inability to wear boots with a heel, supported by a physician's statement.
- 8.3.4.1.3 For event management—These conditions must be marked on the judge's forms and on the numbers on the rider's back. Riders may enter any or all events from their division, but may not cross enter division levels.

8.3.4.2 The second step—preliminary test:

- i. Obligatory for all riders.
- ii. English Equitation or Stock Seat Equitation test will be used to separate riders into proper ability divisions.
- iii. After horse matching and practice, all riders participate in preliminary equitation tests.
- iv. All tests are adequate to division levels declared in the Rider Profile.
- v. All preliminary tests must be announced before competition. (At the Head Coaches' Meeting, in the Coaches' Handbook, etc.) No set test for equitation. Judges will ask riders to undertake tasks to demonstrate what is required on marking sheet.
- vi. The role of the judges is crucial at this stage! Based on their results, competitors will be assigned to appropriate divisions, and order to compete with riders of similar abilities. It is very important for the judges to assess the abilities of the riders accurately, to distinguish between poor, average and very good performances.

9. ENGLISH STYLE EVENTS

10. DRESSAGE

Event	CS	CI	BS	BI	A
Dressage	No	Yes	No	Yes	Yes

10.1 General Information (Dressage and Prix Caprilli)

- 10.1.1 The object of dressage is the harmonious development of the physique and ability of the horse. As a result of the communication with and understanding of the rider, the horse is not only calm, supple and balanced, but also confident, attentive and keen. The horse thus gives the impression of doing of his own accord what is required of him. Confident and attentive, he submits generously to the control of the rider.

- 10.1.2 During the entire dressage test, the rider should strive to keep the horse “on the bit,” a skill which is the result of consistent and continuous work between the horse and rider. In competitions where riders are competing on borrowed horses reasonable contact is sufficient.

10.2 Facilities and Set-up

- 10.2.1 The arena should be on as level ground as possible and should measure 40 meters by 20 meters. These measurements are for the interior of the enclosure.
- 10.2.2 The enclosure itself should consist of a low fence about .30 meters (12") high. The part of the fence at the letter A should be easy to remove to let the competitors in and out of the arena. The letter A should be placed at least 5 meters away from the arena.
- 10.2.3 The letters should be placed outside the arena, about .50 meters from the fence. d. All letters should be clearly marked and large enough to see from a distance.
- 10.2.4 So the judges can note the exact point on the track opposite each letter, there should be either a red stake inside against the fence or a red line painted on the fence.
- 10.2.5 The entire centerline and the three points D, X and G should be as clearly marked as possible. On a grass arena, the centerline should be mowed shorter than the other parts of the arena. On a sand arena, the centerline should be rolled or raked.
- 10.2.6 It is permissible to decorate the arena with flowers and greenery, as long as the decorations are not distracting to the horses.
- 10.2.7 Location of the judges
 - 10.2.7.1 Ideally, there will be two judges—one at the letter C and one at either B or E.
 - 10.2.7.2 If there is only one judge, he/she should be placed 5 meters from the end of the arena at C.
 - 10.2.7.3 A separate enclosure should be provided for each judge. To give the judge a good view of the arena, the enclosure should be raised at least 0.50 meters above the ground.

10.2.8 Small Arena Diagram

10.3 Judging

- 10.3.1 The mark for each movement in the dressage test should first establish the fact of whether the movement is performed either insufficiently (4 or below) or sufficiently (5 or above).

- 10.3.2 Accuracy (moderate) should be a factor only if inaccuracy avoids the difficulty of the movement.
- 10.3.3 A movement which must be carried out at a certain point in the arena should be performed at the moment when the competitor's body is at that point.
- 10.3.4 If a problem appears once, it may be treated lightly by the judge. Repeated occurrences should be penalized more severely.
- 10.3.5 In the case of a fall of the horse and/or rider, the athlete will not be eliminated. He/she will be penalized by the effect of the fall on the execution of the movement being performed, as well as in the Collective Marks.
- 10.3.6 If, during the test, the horse leaves the arena (all four feet outside the fence or line marking the arena perimeter), the rider is eliminated, but may, at the judge's discretion, complete the test.
- 10.3.7 An athlete leaving the arena at the end of the ride in any way other than prescribed in the test will be penalized by an error.
- 10.3.8 The judge may stop a test and/or allow an athlete to restart from the beginning or from any appropriate point in the test if some unusual circumstance has occurred to interrupt the test.
- 10.3.9 When the entry bell or whistle sounds, the rider has 90 seconds to enter the arena. Failure to do so will result in the rider being eliminated.
- 10.3.10 No rider can be required to ride prior to their scheduled time without 1–2 hours notice.
- 10.3.11 All movements and certain transitions from one to another which have to be marked by the judge(s) are numbered on the judges sheets. Each movement will receive a score from 0 to 10. The lowest mark is 0 and is given to a movement that is "not executed", which means that practically nothing of the required movement has been performed. Ten represents the highest mark.
- 10.3.12 The scale of marks is as follows:
- | | |
|----------------|------------------|
| 10 Excellent | 5 Sufficiently |
| 9 Very Good | 4 Insufficiently |
| 8 Good | 3 Fairly Bad |
| 7 Fairly Good | 2 Bad |
| 6 Satisfactory | 1 Very Bad |
| | 0 Not Executed |
- 10.3.13 The Collective Marks as well as certain difficult and/or frequently repeated movements are given a coefficient, which means they are multiplied by the coefficient number. Coefficients are noted on the judges sheets.
- 10.3.14 Collective marks are awarded after the athlete has finished his/her performance in the following categories:
- 10.3.14.1 Rider's balance and position.
 - 10.3.14.2 Equestrian feel and skill, the effectiveness of the aids.
 - 10.3.14.3 The confidence of the rider and keeping the activity of the horse.
 - 10.3.14.4 Rider's ability to influence the direction of the horse and the accuracy.
- 10.3.15 After each performance, when the judge has completed the Collective Marks, the judges sheets pass into the hands of the scorers, who tabulate the score in the following manner:
- 10.3.15.1 The marks are multiplied by the corresponding coefficients, where applicable, and then totaled.
 - 10.3.15.2 Penalty points incurred for errors in the execution of the tests are then deducted on each judge's sheet.
 - 10.3.15.3 The score for the classification is obtained by adding the total points.

- 10.3.15.4 With more than one judge, the sum total classifies.
- 10.3.15.5 If there are two or more judges, the points awarded by each judge will be published separately, in addition to the total score.
- 10.3.15.6 In all competitions, the winner is the athlete having the highest total of points; the second winner is the athlete with the next highest total of points, and so on.
- 10.3.15.7 If two athletes have an equal number of total points, the athlete with the highest marks under the Collective Marks shall be declared the winner.
- 10.3.15.8 When the scores in the Collective Marks also tie, the judge may be required to review the score sheets and either declare a winner or decide to maintain the tie.
- 10.4 Gaits
- 10.4.1 Halt
- 10.4.1.1 At the halt, the horse's neck should be raised, the poll high, and the head slightly in front of the vertical.
- 10.4.1.2 While remaining "on the bit" and maintaining a light and soft contact with the rider's hands, the horse may quietly chomp the bit and should be ready to move off at the slightest indication of the rider.
- 10.4.2 Walk
- 10.4.2.1 **Walk:** A regular and unconstrained walk in which the horse is energetic but calm, moving with even, determined steps, showing four distinctly marked, evenly spaced beats. The hind feet should step forward into the prints of the fore feet. The rider should maintain a light, steady contact with the horse's mouth.
- 10.4.2.2 **Free Walk on Long Reins:** A pace of relaxation in which the horse is allowed complete freedom to lower and stretch out his head and neck.
- 10.4.3 Trot:
- 10.4.3.1 **Trot:** This is a pace in which the horse moves in proper balance and, remaining "on the bit," goes forward with even, elastic steps and good hock action. The expression "good hock action" does not mean that collection is required. It only underlines the importance of impulsion originating from activity of the hindquarters.
- 10.4.4 Canter:
- 10.4.4.1 **Canter:** This is a pace in which a horse moves in proper balance and, remaining "on the bit," goes forward with even, light and cadenced strides and push from the hindquarters. This underlines the importance of impulsion originating from the activity of the hindquarters.
- 10.5 Position and Aids of the Rider
- 10.5.1 All movements should be executed without apparent effort of the rider.
- 10.5.2 The athlete should be well balanced and the legs should be steady.
- 10.5.3 The upper body should be easy, free and erect.
- 10.5.4 The hands should be low and close together without, however, touching each other or the horse. The thumb will be the highest point.
- 10.5.5 The elbows and arms should be close to the body, enabling the rider to follow the movement of the horse smoothly and freely, as well as to apply his/her aids imperceptibly.
- 10.5.6 Riding with both hands is obligatory.
- 10.6 Execution of Dressage Tests
- 10.6.1 Calling Tests
- 10.6.1.1 All Special Olympics Dressage and Prix Caprilli tests may be called/read.

- 10.6.1.2 If a test is to be called, it is the responsibility of the coach to arrange for a person to read the test. At the World Games, the coach may read the test in the athlete's native language.
- 10.6.1.3 Lateness in calling the movements and errors in the reading of the test will not relieve the rider from error penalties.
- 10.6.1.4 Calling the test is limited to reading the movement as it is written only once. Repeating movements by the caller will constitute unauthorized assistance.
- 10.6.1.5 Calling except for safety reasons, unauthorized assistance by the person calling the test or anyone else is prohibited and is cause for elimination.
- 10.6.2 Salute
- 10.6.2.1 At the salute, the rider must take the reins in one hand, let the other arm drop loosely along the body, and then incline the head in a slight bow.
- 10.6.3 Voice
- 10.6.3.1 The use of the voice in any way whatsoever, including clucking of the tongue once or repeatedly, is a serious fault and will involve a deduction of at least 1–2 marks for the movement where this occurred.
- 10.6.4 Errors
- 10.6.4.1 When an athlete makes an “error of the course” (e.g. takes the wrong turn, omits a movement, etc.) the judge warns the athlete by sounding the bell or blowing the whistle. The judge shows the athlete, if necessary, the point at which the test is to be taken up again and the next movement to be executed. The judge then leaves the athlete to continue unassisted.
- 10.6.4.2 In some cases, when the athlete makes an “error of the course.” the sounding of the bell might unnecessarily impede the fluency of the performance. In these instances, it is at the judge's discretion whether to sound the bell or not.
- 10.6.4.3 In Special Olympics tests, every “error of the course,” whether the bell is sounded or not, must be penalized in the following manner:
- The first time by 1 point
 - The second time by 2 points
 - The third time by 4 points
 - The fourth time by Elimination, although the athlete may continue his/her performance to the end.
- 10.6.4.4 When an athlete makes an “error of the test” (e.g. does not take the reins in one hand at the salute, etc.) he/she must be penalized as for an “error of the course.” The same applies for a rider leaving the arena at the end of his/her performance in a way other than prescribed in the test.
- 10.6.4.5 If the judge has not noted an error, the athlete has the benefit of the doubt.
- 10.6.4.6 The penalty points are deducted on each judge's sheet from the total points earned by the athlete.
- 10.7 Dressage Tests
- 10.7.1 All trot movements in dressage may be ridden sitting or rising, as the competitor wishes.
- 10.7.2 A period of not less than five minutes should be allowed for the completion of each test.
- 10.7.3 The following dressage tests are used for Special Olympics events. These forms may be used as judges score sheets.

- 15.2.1.4 All Special Olympics tests may be called/read. (See rules on calling tests under Dressage.)
- 15.2.1.5 The judge will select the pattern to be performed at the appropriate level. The judge is responsible for the pattern being correctly set.

15.2.2 Facilities and Set-up

- 15.2.2.1 The markers in the arena must be a minimum of 9.14m (30') and a maximum of 15.24m (50') apart on the sides, using 5 markers. (See Test diagrams below)

17. ENGLISH AND WESTERN EVENTS: Section B: Showmanship

17.1 General Information

- 17.1.1 The emphasis in the Showmanship class should be on the athlete's ability to handle and show the horse, with safety as the main consideration. The horse is merely a prop to show the ability of the showman.
- 17.1.2 Athletes showing horses under Western Tack Style may use a halter and lead shank made of leather or nylon. Chain leads are acceptable. Western attire, including an approved safety helmet, is appropriate.
- 17.1.3 Athletes showing horses under English Tack Style may use a suitable English bridle or halter of either leather or nylon. (See English Equitation rules for acceptable bridles.) English attire, including an approved safety helmet, is appropriate.
- 17.1.4 The Quarter method of showmanship will be used. The following suggested guidelines of movement are meant to serve as an illustration of movement around the horse while showing in Showmanship classes and are for the exhibitors'/coaches' information.
- 17.1.4.1 Imaginary lines bisect the horse into 4 equal parts, as seen in the figure. (Note: The quadrants will be numbered I, II, III and IV for ease of identification).
- 17.1.4.1.1 One line runs across the horse just behind the withers.
- 17.1.4.1.2 The other imaginary line runs from head to tail.
- 17.1.4.2 The athlete should move around the horse in the following manner:
- 17.1.4.2.1 When the judge is in I, the handler should be in IV.
- 17.1.4.2.2 As the judge moves to II, the handler should move to I.
- 17.1.4.2.3 When the judge moves to III, the handler moves to IV.
- 17.1.4.2.4 As the judge moves up the horse to IV, the handler returns once more to I.
- 17.1.4.3 This method of showmanship is based on safety, as the handler can keep the horse's hindquarter from swinging toward the judge should the horse become fractious.
- 17.1.5 Show management must post individual test patterns a minimum of one hour before the class is to be held.
- 17.1.6 The following maneuvers are considered acceptable elements for individual test patterns:
- 17.1.6.1 Lead the horse at a walk or jog/trot
- 17.1.6.2 Back in a straight or curved line
- 17.1.6.3 Halt
- 17.1.6.4 Pivot or turn—quarter, half or full (360 degrees)
- 17.1.6.5 Set up square

17.2 Class Routine

- 17.2.1 Enter the arena in a counter clockwise direction (unless otherwise directed by the judge), leading the horse at an alert walk. Note: The horse should lead readily at the walk or trot.
 - 17.2.2 After the class has been lined up, the judge will call on each exhibitor to move his/her horse individually. When moving the horse, be sure the judge gets a clear, unobstructed view of the horse's action.
- 17.3 Judging
- 17.3.1 Appearance of the horse and exhibitor: 20 points
 - 17.3.1.1 Grooming of the horse
 - 17.3.1.1.1 Clean, well brushed hair coat (Dust and stains are objectionable).
 - 17.3.1.1.2 Areas which must be clean: around the eyes, ears, muzzle, nostrils, between the legs and around the tail.
 - 17.3.1.1.3 Mane, tail, forelock and wither tufts must be clean and free of tangles. It is prohibited to use any ornaments on the aforementioned. Manes, forelocks, and wither tufts may be English or Western braided if the exhibitor so desires.
 - 17.3.1.2 Trimming of the horse
 - 17.3.1.2.1 Manes may be roached, but the forelock and wither tufts must be left.
 - 17.3.1.2.2 The inside of the ears may be clipped.
 - 17.3.1.2.3 Long hair on the jaw, legs and pasterns should be clipped.
 - 17.3.1.3 Tack
 - 17.3.1.3.1 Tack should be neat, clean and in good repair.
 - 17.3.1.3.2 Horses shown Western must be in a halter of nylon or leather.
 - 17.3.1.3.3 Horses shown English may be in either a bridle or halter of leather or nylon
 - 17.3.1.4 Appearance of the exhibitor
 - 17.3.1.4.1 Clothes and person—neat and clean.
 - 17.3.1.4.2 Appropriate Western tack-style clothes.
 - 17.3.1.4.3 Appropriate English tack-style clothes. Jackets are optional.
 - 17.3.2 Showing the horse in the ring: 60 points
 - 17.3.2.1 Leading: 40 points
 - 17.3.2.1.1 The athlete should lead from the left side of the horse with the lead shank/reins held in the right hand about
 - 17.3.2.1.2 2–3cm (8–12") from the halter/bit. (Smaller athletes may need a longer hold.) The athlete should not hold the chain part of the shank. It is at the judge's discretion whether to penalize for this.
 - 17.3.2.1.3 The athlete should stay in position by the left side of the horse's head, "eye to eye" with the horse. The athlete should not touch the horse with his/her hands or feet.
 - 17.3.2.1.4 Excess lead shank/rein should be held safely and neatly in the left hand. A tightly coiled/rolled lead shank or reins wrapped around the athlete's left hand will be cause for points to be deducted from the athlete's score.
 - 17.3.2.1.5 A loose, flapping lead shank or rein will be considered a fault.
 - 17.3.2.1.6 Emphasis should be placed on the light control of the horse with a minimum of pressure on the lead shank/reins, to allow the horse to hold its head naturally. The horse should move out and continue readily, freely and quietly at the walk and jog/trot, with a minimum of urging by the athlete.
 - 17.3.2.1.7 It is permissible for the athlete to pass between the horse and the judge as the judge moves around the animal, but the athlete should avoid blocking

the judge's view beyond the movement required to step between the horse and the judge. The athlete should step quickly and quietly to the zone where both horse and judge can be observed.

 - 17.3.2.2.4 The athlete should be natural. Over showing, undue fussing and maneuvering are objectionable.

Event	CS	CI	BS	BI	A
Pole Bending	No	No	No	Yes	Yes

18.2.1 Facilities and Set-up

- 18.2.1.1 There should be one person at the arena who is responsible for moving a pole which is knocked down. So as not to disturb or interfere with the rider, that person should wait until the rider is a long distance away and then move the pole quickly.
- 18.2.1.2 The pole bending pattern is to be run around 6 poles set in a straight line.
- 18.2.1.3 Each pole is to be 6.4m (21') apart. The first pole should be 6.4m (21') from the start line.
- 18.2.1.4 Poles should be set on top of the ground at a minimum of 1.83m (6') in height. The base can be no larger than 37cm (14") in diameter.

- 18.2.2 Execution of the course: A horse may start either to the right or to the left of the first pole and then run the remainder of the pattern accordingly. These instructions are written for a horse starting to the right of the first pole.
 - 18.2.2.1 At the signal from the starter, the athlete will:
 - 18.2.2.1.1 Run down the right side of the poles to the last pole in the line.
 - 18.2.2.1.2 Turn the last pole to the left.
 - 18.2.2.1.3 Weave the poles, passing them alternately right to left until reaching the first pole.
 - 18.2.2.1.4 Turn the first pole to the right.
 - 18.2.2.1.5 Weave the poles, passing alternately left then right until reaching the last pole.
 - 18.2.2.1.6 Turn the last pole to the left and run straight down the line of poles and cross the finish line.

18.3 Barrel Racing (Western Only)

Event	CS	CI	BS	BI	A
Barrel Racing	No	No	No	Yes	Yes

18.3.1 Facilities and Set-up

- 18.3.1.1 Three barrels are set in a triangle, using the following measurements:
 - 18.3.1.1.1 Barrels 1 and 2 are set 27.43m (90') apart and 18.29m (60') from the start/finish line.
 - 18.3.1.1.2 Barrel 3 is set in the center (as the top of a triangle) 32m (105') away from barrels 1 and 2. See layout diagram.
- 18.3.1.2 If the course is too large for the available space, the pattern should be reduced in increments of 4.57m (15') until it fits into the arena. Remember to leave adequate space between barrels and any obstacles. The distance from Barrel 3 to the finish line need not be reduced by these increments if there is sufficient room for the horse to stop.
- 18.3.1.3 When measuring the area for the barrel course, remember to leave ample room for horses to complete their turns.
- 18.3.1.4 Allow at least 13.77m (25') from the start/finish line to the end of the arena.
- 18.3.1.5 Upright poles should mark the start/finish line.
- 18.3.1.6 Brightly colored 55 gallon plastic or metal drums may be used.

- 18.3.2 Execution of the course—The barrel course may be run either right or left. The instructions are written right.
 - 18.3.2.1 At a signal from the starter, the athlete will:
 - 18.3.2.1.1 Run barrel number 1, passing to the left of it and completing an approximately 360 degree turn around it.
 - 18.3.2.1.2 Go to barrel number 2, passing to the right of it and completing a slightly more than 360 degree turn around it.
 - 18.3.2.1.3 Go to barrel number 3, passing to the right of it and completing an approximately 360 degree turn around it.

18.3.2.1.4 Then, sprint to the finish line, passing between barrels 1 and 2.

18.4 Figure of 8 (Western Only)

Event	CS	CI	BS	BI	A
Figure of 8	No	No	No	Yes	Yes

18.4.1 Facilities and Set-up

18.4.1.1 The start/finish line should be designated by 2 upright markers 6.1m (20') apart.

18.4.1.1.1 The markers are set 3.5m (10') on each side of the centerline. They must be short enough not to interfere with the electric timer.

18.4.1.2 The first and second poles marking the centerline are 13m (40') from the start/finish line, making them a total of 25m (80') apart.

18.4.2 Execution of the course: The course may be run starting at either end. The rider may turn either right or left first, as long as the Figure of 8 is complete. The instructions are written turning right first.

18.4.2.1 At a signal from the starter, the athlete will:

18.4.2.1.1 Start by crossing the centerline between the upright markers and then, run to the second pole.

18.4.2.1.2 Turn around the second pole to the right.

18.4.2.1.3 Run to the first pole.

18.4.2.1.4 Turn around the first pole to the left, making the Figure of 8.

18.4.2.1.5 Complete the course by running back across the start/finish line.

18.4.2.2 Disqualifications:

18.4.2.2.1 Failure of the athlete to cross over the start/finish line between the markers before turning the second pole.

18.4.2.2.2 Failure of the athlete to cross over the start/finish line after turning the second pole and going to the first pole.

18.4.2.2.3 Knocking over a marker indicating the start/finish line.

- 22.2.1 "On the bit"—A horse which is "on the bit" (on the aids) accepts a light contact of the rein with no resistance and is yielding in the jaw and poll to the rider's hand, accepting the aids to move forward into the rein. A horse which is "on the bit" moves with a supple back, shows no resistance in transitions and remains submissive to the rider.
- 22.2.2 Transitions are changes of pace and speed. They should be quickly made yet must be smooth and not abrupt. The horse should remain light in hand, calm and maintain a correct position.

- 22.12.1 Riders will be judged on seat, hands, performance of the horse, appointments of the horse and rider, as well as suitability of the horse to the rider.
- 22.12.2 Basic Position:
 - 22.12.2.1 The body should appear comfortable, relaxed and flexible.
 - 22.12.2.2 The rider should sit in the center of the saddle. The legs should hang so that there is a straight vertical line, from the ear, dropping down through the center of the shoulder and hip, touching the back of the heel.
 - 22.12.2.3 The stirrup should be just short enough to allow the heels to be lower than the toes with a slight bend in the knee and the toes directly under the knee.
 - 22.12.2.4 Feet should be placed in the stirrup with the weight on the ball of the foot. Consideration should be given to the width of the stirrups, which vary in Western saddles. If stirrups are wide, the foot may have the appearance of being "home" when, in reality, the weight is being carried properly on the ball of the foot.
 - 22.12.2.5 Arms are held in a relaxed, easy manner with the shoulders back and down. The upper arm should be in a straight line with the body. The arm holding the reins

should be bent at the elbow, forming a straight line from the elbow to the horse's mouth.

22.12.3 Hands:

- 22.12.3.1 Only one hand is to be used for reining, and that hand cannot be changed, with the exception of Trail, when it is permissible to change hands to work an obstacle.
- 22.12.3.2 The reins must be held in one hand, with the exception of horses ridden with a hackamore or snaffle bit, which requires riding with two hands on the reins.
- 22.12.3.3 The rein hand should be above the horn and as near to it as possible. Bracing against the horn or coiled reata is penalized.
- 22.12.3.4 When split reins are used and the ends of the rein fall on the same side as the reining hand, one finger between the reins is permitted. When the ends of split reins are held in the hand not used for reining, no finger between the reins is permitted.
- 22.12.3.5 When using romal reins, no finger between the reins is permitted.
- 22.12.3.6 The position of the hand not being used for reining is optional, but the hand should be kept free of the horse and equipment and held in a relaxed manner straight with the rider's body at all times.
- 22.12.3.7 The rider can hold the romal or the end of split reins to keep them from swinging and to adjust the length of the reins, provided they hold them at least 41cm (16") from the reining hand.

22.12.4 Position in Motion:

- 22.12.4.1 The rider should sit the jog and not post. (Unless otherwise specified in division rules.)
- 22.12.4.2 At the lope, the rider should be close to the saddle.
- 22.12.4.3 All movements of the horse should be governed by the use of imperceptible aids. The shifting of the rider's weight is not desirable.
